TruLab PCT  Level 2

Order Information
Cat. No.       Kit size
9980 99 10 046 Level 2 3 x 1 mL

Intended Use
Assayed quality control material for monitoring the analytical performance of quantitative in vitro determination of procalcitonin (PCT).

Description
TruLab PCT is a liquid stable, aqueous control containing recombinant PCT and biological additives from bovine origin. The PCT concentration of TruLab PCT Level 2 is in the pathological range.

Storage
The opened and unopened control must be stored at 2 – 8°C.

Stability
Unopened: Until the end of the indicated month of expiry
Opened: At least 2 weeks
Proper storage and handling of this product must be observed.

Warnings and Precautions
1. Contains sodium azide (0.95 g/L) as preservative. Do not swallow! Avoid contact with skin and mucous membranes.
2. TruLab PCT contains animal material. The controls should be handled as potentially infectious and with the same precautions used for patient specimens.
3. Please refer to the safety data sheets and take the necessary precautions for the use of calibrators and controls.
4. For professional use only.

Waste Management
Refer to local legal requirements.

Preparation
The control is liquid and ready to use.

Materials Required
General laboratory equipment

Procedure
Please refer to the reagent package insert for instructions for use.

Assay Values
The assay values have been determined using DiaSys Procalcitonin FS, calibrated by DiaSys TruCal PCT. Assay values may vary with different reagents and methods used. The assay values listed below are specific for this lot number of control only.
