TruCal Myoglobin

Calibrator for use in tests for quantitative in vitro determination of myoglobin on photometric systems

Order Information
1 7030 99 10 058
4 x 1 mL

Description
TruCal Myoglobin is a set of four liquid stable calibrators with different levels based on human blood material (serum) and containing biological additives from bovine origin.

Storage
The calibrator both opened and unopened must be stored at 2 – 8°C.

Stability
Unopened: Until the end of the indicated month of expiry
Opened: At least 30 days
Proper storage and handling of this product must be observed.

Warnings and precautions
1. Each individual blood donation used for production of TruCal Myoglobin was found to be nonreactive when tested with approved methods for HBsAg, anti-HIV 1+2 and anti-HCV. As there is no possibility to exclude definitely that products derived from human blood transmit infectious agents, it is recommended to handle the calibrator with the same precautions used for patient specimens.
2. Contains sodium azide (0.95 g/L) as preservative. Do not swallow! Avoid contact with skin and mucous membranes.
3. Contains animal material. The calibrators should be handled as potentially infectious and with the same precautions used for patient specimens.
4. Please refer to the safety data sheets and take the necessary precautions for the use of calibrators and controls.
5. For professional use only!

Preparation
TruCal Myoglobin calibrators are liquid and ready to use.

Procedure
Please refer to the reagent package insert for instructions for use.

Calibrator Values
The assigned values of TruCal Myoglobin calibrator have been made traceable to a reference preparation based on pure antigen. Calibrator values listed below are specific for the indicated lot number only.

Literature

Waste Management
Please refer to local legal requirements.
